Education

2017 - 2021: B. Design (Visual Communication), Holon Institute of Technology (HIT).

Employment History

February 2021 - Present: Product designer at Zemingo - Digital Product Agency.

- Designed and prototyped user-friendly web and mobile experiences (desktop and mobile web + mobile apps) for leading Israeli and international clients, independently managing client relationships and ensuring clear communication throughout the project lifecycle.
- Conducted UX research for multiple projects, resulting in improved user flows and enhanced user experience.
- Developed creative UI concepts that aligned with brand identity and user needs.
- Collaborated effectively with product managers, UX designers, developers, clients, and marketing teams to ensure project success.

July 2020 - September 2020: UI internship at Zemingo - Digital Product Agency.

Army Service

2013 - 2016: Help desk manager.
